

PRAC Meeting

July 8, 2013

Meeting called to order 7:05PM

Present: Councilman Joe Lawless, Service Director Jon Eckel, Superintendent Greg Kuhr, Christopher Patrick, Dave Goins, and Rick Giltis.

Absent: Ron Stewart, Tami Wise, Brenda Irwin, Matt Skotynsky, Mary Seifke, Tom St. Meyers, Nicholas Fleming

Dave Goins report on Eisenhower Park: Tree limbs down from recent storm

Christopher Patrick on report Bicentennial Park: Tire ruts caused by someone driving off the pavement. Shelter needs paint.

Joe reported on the intentions of developing a Splash Park at Rotary Park. Jon Eckel is planning to visit a Splash Park in Cleveland Heights to get ideas for the development of the Perrysburg Splash Park.

Jon Eckel is attending our meeting to present a project which the PRAC committee could participate in to develop a "Parks Master Plan Sub-Committee". Jon will be preparing an e-mail which will be sent to the members of our Committee. The e-mail will include the outline of the master plan proposal. Jon and Joe believe using the PRAC to serve this function will benefit by saving the cost for a consultant and using the expertise of our committee to help plan the future of our Parks.

Jon and Joe mentioned some undeveloped park properties: Davis Property W. River Road along the river (18 acres). The Jerry Howald Property near Roachton and Fort Meigs Road (18 acres). These properties could be included in the future development of the Park Master Plan.

OUR FUTURE MEETINGS:

August 5th 7:00PM @ River Side

September 9th 7:00PM @ Street Division

*I expect that others at our meeting may have additions and or changes to these meeting notes. If so please let me know.

Respectfully Submitted,

Rick Giltis giltis@wcnet.org 419-874-1232
