

2.10.21 Litter Board Minutes

Plans for hard back book recycling were set with start date and location.

Glass recycling information plan and budget were discussed. Three restaurants, Swig, Stellas and 5th Street Pub will be part of the pilot program for glass recycling beginning in May.

Great American Cleanup dates and locations were decided and the Davis Overlook location was deleted as it is the same day as the Rotary Recycle Event and this location has never had good participation.

Recycle Event is set for Saturday May 15th at Rotary Park. Items accepted will include TV's computers/peripherals, document shredding, hardback books, rechargable batteries, foam packaging, large cardboard, blue jeans, bicycles and crayons. Rotary will staff this program with Litter Board members also volunteering.

Meeting started at 3:45 and concluded at 4:45 pm.
