

SERVICE COMMITTEE

DECEMBER 27, 2017

The meeting was called to order at 5:00 p.m. by Chairperson Becky Williams. Committee members present were Rick Rettig and Becky Williams. Barry VanHoozen was absent. Also present was City Engineer Doug Dariano.

FINAL LEGISLATION FOR ODOT URBAN PAVING PROJECT

Mr. Dariano requested approval of legislation that will permit ODOT to do paving work within the City on SR 25, between Roachton and Williams Roads, and on US 20, between Holiday Lane and East Boundary Street. The City will be responsible for 20% of the eligible resurfacing costs for the US 20 work within the City. ODOT is funding 100% of the cost of the SR 25 work because of the recent construction traffic. The estimate for the City's share has been reduced from \$83,691 to \$67,766. The City will be responsible for 100% of the cost of any full depth pavement repair, curb repair, curb ramp construction or repair, sidewalk and median work, and rebuilding catch basins and manhole adjustments. Ms. Williams asked if that applied to both projects. Mr. Dariano said that he would argue against the City being responsible for 100% of any full depth pavement repair on SR 25 because of the construction traffic for the divergent diamond. Mr. Dariano added that Mr. Eckel is okay with this, and the City's share will come out of the annual resurfacing budget. ODOT requests this legislation before January 19, 2018. The Committee agreed 2-0 to recommend approval of the legislation.

OTHER BUSINESS

Ms. Williams asked Mr. Dariano if there have been any issues with the traffic light at Eckel Junction Road and SR199 that was recently put into service. Mr. Dariano said that they had to adjust the cameras, but other than that he has not heard of any issues. Ms. Williams said that she has only heard positive comments.

Ms. Williams thanked Mr. Rettig for his time on the Service Committee.

There being no further business, the meeting adjourned at 5:07 p.m.

Respectfully submitted,

Becky Williams, Chairperson
Service Committee

Next meeting: To be determined.
